VENTURA CHILLBOX

CF3200 32L 12V/24V Compressor Fridge Freezer

Built for Touring

SNOOPER

VENTURA CHILLBOX

Fresh food and drink.

Keeping food and drinks fresh and safe to consume is a high priority for any person, whether you're at home or travelling the globe.

The Ventura Chillbox CF3200 compressor fridge freezer is guaranteed to keep your food and drinks fresh thanks to it's powerful integrated compressor cooling system. This brilliant fridge freezer has been carefully developed to meet the demands of any professional traveller or camping family.

VENTURA CHILLBOX

Ideal for any long term traveller.

With both chilling and freezing capabilities, Ventura Chillbox CF3200 compressor fridge freezer is perfect for any traveller on the road for long periods.

Running on a choice of AC mains, 12V and 24V power, our compressor fridge freezers are ideal for truck, caravan, motor home, boat and yacht use and comes with a generous 32 litre capacity.

VENTURA CHILLBOX

LED Power Display.

Keep track on the temperature within your CF3200 with the handy Led Power Display. Easy to see and adjust the temperature, keeping your food fresh and safe for when you need it.

Twin Compartments.

CF3200 has a twin compartment to separate different food types and has two (2 Litre) bottle recesses, for secure transportation.

Hinge Lid.

For ease of use, CF3200 comes with a hinge lid with security chain, allowing users to quickly access contents when required.

VENTURA CHILLBOX

Triple Power Source.

Ventura Chillbox CF3200 has a triple power source, allowing users to power the fridge freezer through AC Mains, DC 12V or 24V, perfect for truck, caravan and even home use.

Battery Protection Mode.

To save your battery life when on the road, CF3200 has a built-in Battery Protection Mode. CF3200 will monitor your vehicle's battery and will automatically power off at pre-set voltage levels to ensure that you don't accidentally run down your battery.
